INDEPENDENT AUDITOR'S REPORT

Sheriff Laura Balthazar St. Landry Parish Opelousas, Louisiana

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the St. Landry Parish Sheriff, as of and for the year ended June 30, 2006, which collectively comprise the Sheriff's financial statements as listed in the table of These financial statements are the responsibility of the Sheriff's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the St. Landry Parish Sheriff, as of June 30, 2006, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated September 21, 2006, on our consideration of the St. Landry Parish Sheriff's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

P. O. Box 1549

Sheriff Laura Balthazar St. Landry Parish Opelousas, Louisiana

The other required supplementary information on page 20 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

The St. Landry Parish Sheriff has not presented management's discussion and analysis that the Governmental Accounting Standards Board has determined is necessary to supplement although not required to be part of the financial statements.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the St. Landry Parish Sheriff's basic financial statements. The other supplementary information on pages 21 through 28 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements taken Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

NOTES TO FINANCIAL STATEMENTS

NOTE (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. INTRODUCTION

As provided by Article V, Section 27 of the Louisiana Constitution of 1974, the Sheriff serves a four-year term as the chief executive officer of the law enforcement district and ex-officio tax collector of the parish. The Sheriff administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, and serving subpoenas.

As the chief law enforcement officer of the parish, the Sheriff has the responsibility for enforcing state and local laws and ordinances within the territorial boundaries of the parish. The Sheriff provides protection to the residents of the parish through on-site patrols and investigations and serves the residents of the parish through the establishment of neighborhood watch programs, anti-drug abuse programs, et cetera. In addition, when requested, the Sheriff provides assistance to other law enforcement agencies within the parish.

As the ex-officio tax collector of the parish, the Sheriff is responsible for collecting and distributing ad valorem property taxes, parish occupational licenses, state revenue sharing funds, sporting licenses, and fines, costs, and bond forfeitures imposed by the district court.

B. THE REPORTING ENTITY

The St. Landry Parish Sheriff is an independently elected official and is legally separate from the St. Landry Parish Government. As the governing authority of the parish, for reporting purposes, the St. Landry Parish Government, is the financial reporting entity for St. Landry Parish.

The financial reporting entity consists of (a) the primary government (Parish Government) (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the St. Landry Parish Government for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- 1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the parish government to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the parish government.

NOTE (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

B. THE REPORTING ENTITY - Continued

- Organizations for which the parish government does not appoint a voting majority but are fiscally dependent on the parish government.
- 3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the criteria described above, the St. Landry Parish Sheriff is not a component unit of the St. Landry Parish Government due to the following:

- 1. The Sheriff is an independently elected official.
- 2. The Sheriff is not fiscally dependent on the parish government.
- 3. The reporting entity's financial statements are not misleading.

C. BASIS OF PRESENTATION

The accompanying financial statements of the St. Landry Parish Sheriff have been prepared in conformity with United States generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standards-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, issued in June, 1999.

D. FINANCIAL STATEMENTS

Government-wide Financial Statements (GWFS)

The Statement of Net Assets and the Statement of Activities display information on all of the nonfiduciary activities of St. Landry Parish Sheriff, the primary government, as a whole. They include all funds of the reporting entity. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Fiduciary funds are not included in the GWFS. Fiduciary funds are reported only in the Statement of Fiduciary Net Assets at the fund financial statement level.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

NOTE (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

D. FINANCIAL STATEMENTS - Continued

Fund Financial Statements

The accounts of the Sheriff are organized and operated on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

The various funds of the Sheriff are classified into two categories: governmental and fiduciary. The emphasis on fund financial statements is on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the Sheriff or meets the following criteria:

- 1. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type; and
- 2. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5% of the corresponding total for all governmental and enterprise funds combined.

Governmental Funds

Governmental funds account for all or most of the Sheriff's general activities. These funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources which may be used to finance future period programs or operations of the Sheriff. The following are the Sheriff's governmental funds:

General Fund - The primary operating fund of the Sheriff and it accounts for all financial resources, except those required to be accounted for in other funds. The General Fund is available for any purpose provided it is expended in accordance with state and federal laws and according to the Sheriff's policy.

Special Revenue Fund - Used to account for the proceeds of specific revenue sources (other than specific assessments, expendable trust, or major capital projects) that are legally restricted to expenditures for specified purposes.

Agency Funds - Used as depositories for civil suits, cash bonds, taxes, fees, et cetera. Disbursements from the funds are made to various parish agencies and litigants in suits, in the manner prescribed by law. These funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

NOTE (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

E. MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Assets and the Statement of Activities the governmental activities are presented using the economic resources measurement focus as defined in item b. below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

- a. All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The accounting objective of the "economic resources" measurement focus is the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported.
- c. Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

Government-wide Financial Statements

The Statement of Net Assets and the Statement of Activities display information about the Sheriff as a whole. These statements include all the financial activities of the Sheriff on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Basis of Accounting

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures (including capital outlay) generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

NOTE (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

E. MEASUREMENT FOCUS/BASIS OF ACCOUNTING - Continued

Fund Financial Statements

The financial transactions of the Sheriff are reported in individual funds in the fund financial statements. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. Fund financial statements report detailed information about the Sheriff. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column.

A fund is a separate accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. All governmental funds and agency funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Major revenues considered susceptible to accrual are ad valorem taxes, prisoner feeding and maintenance, video poker, state supplemental pay, shared revenues, grants and interest on investments. Commissions on licenses, permits, traffic tickets, and court fines are recognized when received because they are not objectively measurable.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Insurance and similar services which extend over more than one accounting period are expensed in the period paid.

Purchases of operating supplies are regarded as expenditures at the time purchased and inventories of such supplies (if any) are not recorded as assets at the close of the fiscal year.

<u>Investments</u> - Louisiana statutes authorize the Sheriff to invest in United States bonds, treasury notes or certificates, time certificates of deposit in state and national banks, or any other federally insured investment.

Capital Assets

The accounting treatment over property, plant and equipment (capital assets) depends on whether they are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Prior to GASB No. 34, governments were not required to report general infrastructure assets. The Sheriff does not have public domain or infrastructure expenditures. Interest costs during construction if incurred, are not capitalized.

In the government-wide financial statements, capital assets are capitalized at historical cost, or estimated historical cost if actual is unavailable, except for donated assets, which are recorded at their estimated fair value at the date of donation. The Sheriff maintains a threshold level of \$1,000 or more for capitalizing capital assets.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

E. MEASUREMENT FOCUS/BASIS OF ACCOUNTING - Continued

Capital Assets - Continued

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings and improvements 20 - 40 years Equipment and automobiles

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Budgets and Budgetary Accounting - The Sheriff follows these procedures in establishing the budgetary data reflected in these financial statements.

The Sheriff proposes an operating budget for the General Fund and the Special Revenue Fund prior to the beginning of each fiscal year.

3 - 24 years

- 2. A public hearing on the proposed budget is advertised, and the budget is discussed and adopted at a public hearing when presented.
- 3. The budget is adopted on a basis consistent with generally accepted accounting principles (GAAP).
- 4. All appropriations lapse at year-end.
- 5. All changes in the budget must be approved by the Sheriff.

The budgeted accounts shown in these financial statements as of June 30, 2006 were amended during a public meeting held prior to year-end.

Encumbrances - The Sheriff does not employ the encumbrance system of accounting.

Compensated Absences - Employees of the St. Landry Parish Sheriff earn annual leave of 10 working days per year. Sick leave is earned at the rate of 1 day for each month worked. Both unused annual vacation and sick leave are forfeited at year-end, retirement or termination. Accordingly, no liability has been recorded at June 30, 2006.

Comparative Data

Comparative total data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the government's financial position and operations. However, comparative data has not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

NOTE (2) CASH

Bank deposits must be secured by federal depository insurance or the pledge of securities owned by the bank in the entity's name. The market value of the pledged securities must at all times equal or exceed 100% of the uninsured amount on deposit with the bank.

At June 30, 2006, the carrying amount of the St. Landry Parish Sheriff's deposits was \$6,187,491, and the bank balance was \$6,548,711. Of the \$6,548,711, approximately \$1,000,000 was covered by FDIC insurance and approximately \$5,548,711 was covered by securities held by the pledging financial institution in the Sheriff's name. Cash on hand at June 30, 2006 was \$3,621.

NOTE (3) DUE FROM/TO OTHER FUNDS/ACCOUNTS

NOTE (6) AD VALOREM TAXES

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes are levied by the St. Landry Parish Assessor in October and are actually billed to taxpayers in October or November. Billed taxes become delinquent on January 1 of the following year. The St. Landry Parish Sheriff bills, collects, and distributes the property taxes for the taxing districts of the parish using the assessed values determined by the St. Landry Parish Assessor.

NOTE (7) PENSION PLAN

Plan Description - Substantially all employees of the Sheriff's office are members of the Louisiana Sheriffs' Pension and Relief Fund (System), a multiple-employer cost-sharing public employee retirement system (PERS). The System is a statewide public retirement system for the benefit of sheriffs and their staff, which is administered and controlled by a separate board of trustees. The System provides retirement, death, and disability benefits to participating, eligible employees. Contributions of participating sheriffs, together with shared local and state revenues, are pooled within the System to fund accrued benefits, with employer/employee contribution rates approved by the Louisiana Legislature. The Louisiana Sheriffs' Pension and Relief Fund issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by writing to the Louisiana Sheriffs' Pension and Relief Fund, Post Office Box 3163, Monroe, Louisiana 71210-3163, or by calling (318) 362-3188.

NOTE (7) PENSION PLAN - (Continued)

Contributions to the System include one-half of 1 percent of the taxes shown to be collectible by the tax rolls of each parish and a direct appropriation from the state of Louisiana. State statute requires covered employees to contribute a percentage of their salaries to the System. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The rates for the current fiscal year were 10.75 percent for the employer's contribution and 10.0 percent for the employee's portion.

The St. Landry Parish Sheriff's employer contributions for the years ended June 30, 2006, 2005 and 2003 were \$487,778, \$351,460 and \$183,327, respectively. Employee contributions for the years ended June 30, 2006, 2005 and 2003 were \$453,743, \$358,942 and \$193,055, respectively.

Other -The Sheriff also remits to the Parochial Employees' Retirement System for retirement of the parish judges' secretaries. The contribution for the year ended June 30, 2006 was \$1,420. The Sheriff is reimbursed for these payments.

NOTE (8) SELF INSURED GROUP INSURANCE

The St. Landry Parish Sheriff participates in a modified self insured group health insurance program. Under this program, the Sheriff is responsible for a covered individual's claims up to a maximum of \$50,000 per person. Claims in excess of this maximum are the liability of a private insurance company. The activities of the group health insurance program are accounted for in the General Fund.

NOTE (9) POSTRETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

The premiums for all retired employees of the St. Landry Parish Sheriff that elect to continue health care and life insurance benefits are paid by the Sheriff. The Sheriff recognizes the cost of providing health benefits under the modified self-insurance group health insurance program. Under this program, the Sheriff is responsible for a covered retiree's claim up to a maximum of \$50,000 per person, per plan year. The Sheriff's contributions to the self-insurance fund are financed on a pay-as-you-go basis. For the fiscal year ended, June 30, 2006, the total cost of providing health benefits for approximately 169 employees (active and retired) was \$1,243,088. The cost of providing health benefits for the retirees is not separable from the cost of providing benefits for the active employees.

NOTE (10) EXPENDITURES OF THE ST. LANDRY PARISH SHERIFF'S OFFICE PAID BY THE PARISH GOVERNMENT

Jail maintenance expenses of the Sheriff's office are paid by the St. Landry Parish Government and are not included in the accompanying financial statements.

NOTE (11) AMOUNTS PAID TO THE SHERIFF

The St. Landry Parish Sheriff receives a salary and an allowance, both of which are prescribed by Louisiana statutes.

GENERAL FUND

The General Fund is used to account for resources traditionally associated with governments which are not required to be accounted for in another fund. The General Fund has a greater number and variety of revenue sources than any other fund, and its resources normally finance a wider range of activities. The resources of the General Fund are ordinarily largely expended and replenished on an annual basis.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Sheriff Laura Balthazar St. Landry Parish Opelousas, Louisiana

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the St. Landry Parish Sheriff, as of and for the year ended June 30, 2006, which collectively comprise the Sheriff's basic financial statements and have issued our report thereon dated September 21, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the St. Landry Parish Sheriff's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the St. Landry Parish Sheriff's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.
